

## **Boarding Orientation Program 2019** **A program for new boarders and their families**

Dear Parents and Guardians,

I invite you to attend our Boarding Orientation Program to be held on **Tuesday 29 January 2019**.

If you are new to boarding, or even if you've had siblings with us before, I urge you to attend this program. You'll get all the information you need to help ensure a smooth transition into boarding for your child and your family.

Attached to this letter is a proposed program and registration form. For catering and organisational purposes, families wishing to attend should register in advance by **Friday 25 January 2019**.

The registration form also contains a section whereby you can request an interview with me, the school nurse or another member of our Senior Leadership Team or administration staff. If your child has any particular medical or other needs, a meeting to discuss how to best support your child would be most helpful.

I look forward to seeing you at the Boarding Orientation Program in 2019.

Kind regards

**Darren Guldbransen**  
Head of Boarding

# New Boarder's Orientation 2019

## REGISTRATION FORM

### New Boarder's Details
